*Introductory annual percentage rate (APR) is effective for the life of the line. Rate reflects a 0.25% discount for loan payment via automatic funds transfer from a TruMark Financial checking account. Otherwise, APR is 0.25% higher. Property and/or flood insurance is required. APR is variable based on the highest Prime Rate published in The Wall Street Journal and is adjusted on a monthly basis. As of 12/19/18 the Prime Rate was 5.50%. All loans/lines of credit are subject to approval and collateral evaluation. A $100 origination fee will apply. Fees and charges may apply. Additional restrictions, limitations, and exclusions may apply. You may elect to “lock in” or convert a portion of your variable-rate outstanding balance to a fixed APR on a set term. You may select the term of your lock feature from terms provided to you at the time you exercise this option. Offered rates will be based upon borrower’s creditworthiness and term selected. The minimum amount that may be locked in is $5,000. The minimum term of the lock feature is five years and the maximum term of the lock feature is 20 years. Save time and money on your next vehicle with TrueCar®

TruMark Financial’s Car Buying Service powered by TrueCar lets you see what others paid, so you don’t overpay for your new vehicle. Use the online tools to search trusted dealerships in your area and have the hassle-free buying experience you’ve been looking for. It’s easy, here’s how:

1. **Compare** – build a new car based on your preferences—such as make, model, and options. Or search the inventory of thousands of used cars. See and compare dealer-guaranteed* prices and what others paid.

2. **Connect** – once you choose the car you like, work with a network of local, TrueCar Certified Dealers. Select a dealer and print your Guaranteed Savings Certificate* before you go to the dealership.

3. **Get pre-approved** – apply for a TruMark Financial new or used auto loan before you visit the dealer. Take your Guaranteed Savings Certificate and TruMark Financial pre-approval to the dealer. Now you are ready to buy.

*Between 7/1/17 and 9/30/17, the average savings off MSRP presented by TrueCar Certified Dealers to users of TrueCar powered websites, based on users who configured and priced virtual vehicles and who TrueCar identified as purchasing a new vehicle of the same make and model listed on the certificate from a Certified Dealer as of 10/31/17, was $3,383. Your actual savings may vary based on multiple factors including the vehicle you select, region, dealer, and applicable vehicle specific manufacturer incentives which are subject to change. The Manufacturer’s Suggested Retail Price ("MSRP") is determined by the manufacturer, and may not reflect the price at which vehicles are generally sold in the dealer’s trade area as not all vehicles are sold at MSRP. Each dealer sets its own pricing. Neither TrueCar nor its affinity partners brokers, sells or leases motor vehicles. All commercial vehicles or vehicles used for commercial purposes must be directed to the Commercial Lending Department. We may determine a vehicle to be commercial or otherwise ineligible based on the model and/or information provided to us.
